

1-Station Numeric Printing ECR

ER-150

Best Features

Automatic Tax Calculation

- Taxes are computed for one tax table and automatically added to each sale.
- Tax status can be shifted as items are entered or at the completion of the sale.
- Straight Percent Tax
- Manual Override Function

Two Departments

- The ER-150 features 2 departments and is designed for ease of operation and point of purchase control in retail applications.
- Departments may be designated "Single Item" departments for fast registration of single item sales.

Financial Reports

- The ER-150 gives you a thorough review of your business with a complete analysis of your department sales, function totals, and actual drawer totals to help you protect your valuable profits.

Optional Receipt/Journal Receipt

- Operator chooses either to have a printed custom receipt or a journal tape.

Printer

- Type: Flying Wheel
- Paper Width: 57.5mm or 40mm selectable
- Speed: 2.2 Lines/sec.

ER-150

Budget-priced but big on performance, the ER-150 cash register offers many features found on larger and more expensive machines at a fraction of the cost for any small retail business.

This Operator-friendly model provides a complete analysis of department sales, function total, and actual drawer totals. The cashier has the option of supplying a printed receipt or journal tape.
