

**Printing, copying, scanning, faxing.  
It does it all brilliantly**

The C3530 MFP is faster than any other comparable MFP on the market. It has fast print speeds of 16/20 pages per minute (ppm), High speed USB 2.0 and 10/100 networking and also offers analogue fax and banner printing capability. It is an ideal solution for individuals and small workgroups who require a fast, reliable and affordable MFP which offers high quality colour, ease of use and true, no compromise multifunctionality. Now there is even more choice from OKI Printing Solutions, the specialists in printed communications for business.

**Fastest-in-class print speed.  
Uncompromising print quality.**

The C3530 MFP prints and copies up to four times faster than the competition. There is no compromise on print quality, thanks to the combination of ProQ2400 Multi-level technology and unique microfine High Definition Toner.

**The C3530 MFP improves productivity and enhances creativity.**

The C3530 MFP is incredibly user friendly. It is network ready straight out of the box and has a unique operator panel which is very easy to use. It also comprises several useful utilities, such as the OKI Hotkey Utility which enables scans to

be pulled to the PC or pushed from the MFP. Web Print saves time and paper when printing web pages without cutting off important information and Ask OKI provides dedicated online support via the printer driver.

**The dependable C3530 MFP keeps the work flowing.**

Being a true, purpose-designed MFP, there is no compromise in any area. The C3530 MFP boasts a robust duty cycle of up to 35,000 pages per month, so can be relied upon to handle large daily print volumes. The single-pass technology offers smoother paper handling, higher speeds and greater reliability thanks to a straight paper path and fewer moving parts, which keeps the work flowing.

**The C3530 MFP does more, so users can do more.**

With its small footprint, the compact C3530 MFP fits easily into more spaces. Its banner printing capability and all-round media versatility means businesses can produce more professional looking documents in-house.

**Create high quality colour and a better impression.**

The combination of ProQ2400 Multi-level technology and microfine High Definition Toner

gives more print detail, greater colour depth, reduced grain and a high gloss finish. Auto Colour Balance ensures colour consistency throughout the life of the printer and truly professional results can be obtained even on ordinary office paper, thanks to Photo Enhance, to create the right business impression.

**Simple ways to control your investment.**

Thanks to powerful software, network administrators can easily install the MFP then manage and control costs across the network easily.

**Direct network scanning.**

With the C3530 MFP, it is possible to scan directly to the network without the need for additional software or a locally attached PC. Simply scan straight to the selected location, which may be an e-mail address, shared directory on the network or an ftp site.
