

LP-II SERIES Label Printing Scale

Commercial Scale

FEATURES

- kg/lb switchable
- High speed printing
- Programmable label format
- Large graphic display (164 × 64 mm)
- Ideal for data management applications
- Large standard memory with ability to expand
- Network functions
 - Up to 99 scale network (Network card required)
 - Master/Slave method (Up to 32 scale)
- Powerful reporting and tight security features
- Programmable keyboard with tact switch
- PC program
 - Available in windows 95/98/2000/XP OS
 - Free format label design program
 - Up/Down load program

OPTIONS

- Net work (Ethernet: TCP/IP)
- Extendable memory card (3M bytes)

SPECIFICATIONS

Model	LP - II Graphic
Weighing Capacity	6kg × 1/2g, 15kg × 2/5g, 30kg × 5/10g
Display Digit	5/6/7, 5/7/8, 5/8/9 (Weight/Unit Price/Total Price)
Memory Capacity	Over 800 PLUS
Printing Type	Thermal Print
Printing Speed	100 mm/sec
Label Size	Max. 80(W) × 170(L) mm
External Interface	RS-232C (Standard) / Ethernet (Network)
Power Source	AC 85 ~ 240V, 50/60 Hz
Power Consumption	Max. 230W
Operating Temperature	-10 °C ~ +40 °C
Platter Size (mm)	403(W) × 260(D)
Dimensions (mm)	450(W) × 470(D) × 480(H)
Product Weight	13.9 kg
