eTILE 19M

The eTILE 19M is an ultra-thin and exceptionally powerful 18.5" multi-touch PC tile. Designed for commercial retail use, it also has a keen sense of style and aesthetic detail with a slick Piano Black construction that will enhance any shopper's user experience. It's the kind of device that will markedly improve the engagement between the customer and your brand as a result.

+ Ultra slim form factor (30mm)
+ Easy installation (wall mount kit included)
+ Low operating and installation costs
+ Robust PCT panel: dust and water proof (IP65)

30mm
