

QuickScan® QS6500BT

Linear Imager Featuring **Bluetooth®** Wireless Technology

At A Glance

"The QS6500BT feels good to our cashiers and they notice faster reading of our products compared to our older handheld scanner."

— Store Manager, Leading Retailer

FEATURES	BENEFITS
Extremely fast 450 scans per second read rate	Increases checkout productivity and improves customer service by reducing the scan time especially on hard-to-read or damaged bar code labels: <ul style="list-style-type: none"> • Up to five times faster than most laser scanners
Bluetooth radio technology	Provides inexpensive means of improved checkout efficiency and ergonomics without the use of proprietary RF communications: <ul style="list-style-type: none"> • The QS6500BT takes advantage of the industry standard for short range RF communication by using Bluetooth's latest version communications • Utilizes Bluetooth's Version 1.2 RF technology that reduces radio interference in existing RF networks • Up to 33 feet / 10 meters cordless range for scanning freedom • Eliminates the cable, the highest failing component, increasing reliability
Aggressive linear Imaging	Increases checkout productivity by: <ul style="list-style-type: none"> • Fast, ergonomic scanning of all supported symbologies • Easily reads virtually all 1D symbologies as well as stacked 2D codes like PDF-417 and Micro PDF-417 • Excellent reading of poor, damaged, & other typically hard-to-read labels
Solid-state electronics	Reduced TCO (total cost of ownership) for the user while increasing performance and improving operational efficiency: <ul style="list-style-type: none"> • Designed with no moving parts that makes it more durable than competitive laser scanners with moving mirrors
Multiple interfaces in every unit	All of the most popular interfaces are supported in every unit which increases flexibility while protecting the user's investment: <ul style="list-style-type: none"> • Includes IBM, USB, KBW, and RS-232 interfaces in every unit • Provides an easy, low cost migration path – simply scan programming label and change cable • Simplifies and reduces costs of inventory for resellers

Accessories

- Hands Free Stand
- Counter Holder/Wall Mount
- Power supplies & cords
- Service options
