NCR RealPOS™ 40

POS Workstation

Looking for a POS solution
with style and savings?

YES

The NCR RealPOS 40, cool design, hot value

Today's dynamic retail market demands innovative point-of-sale (POS) solutions that incorporate the latest technologies while providing outstanding value for your business. The NCR RealPOS 40 is reshaping point of sale with a breakthrough design that delivers an exceptional combination of performance, reliability and energy efficiency, all at an incredibly affordable price.

- **Innovative compact design**

   The NCR RealPOS 40 breaks away from traditional POS designs with a sleek, modern look that complements today's retail formats. Forty percent smaller than its predecessor, the NCR RealPOS 40 features the smallest form factor in its class. The space-saving design enables versatile configuration options, conserving valuable checkout space.

- **High reliability**

   The NCR RealPOS 40 features a rugged die-cast aluminum cabinet with a revolutionary thermal cooling solution that enables fanless operation for increased reliability. The NCR RealPOS 40 is also engineered for efficient serviceability. The EZ-Open hinged cabinet provides tool-free access for quick repairs and upgrades.

- **Exceptional energy efficiency**

   Featuring the best energy efficiency in its class, the NCR RealPOS 40 is 68 percent more energy efficient than prior-generation terminals. The NCR RealPOS 40 has earned the distinguished ENERGY STAR® qualification to help your bottom line and the environment.

- **Superior value**

   The NCR RealPOS 40 is an affordable, retail-ready solution that provides outstanding value for any size retailer. It provides flexible connectivity options to power your peripherals as well as dual display support for consumer-facing advertising and messaging. Built to last, the NCR RealPOS 40 is designed to maximize your POS investment and deliver a low total cost of ownership.
